

## G-RINGS THE STYLE FACTOR

At Gravity, we believe that stands are more than just accessories. Ultimately, they are part of the show. That's why we build them for heavy duty use and easy, ergonomic handling. But we also opted for a stylish look that sets them apart from dime-a-dozen stands and makes a strong visual statement.

Gravity products feature our unique sheen green „G” rings that are replaceable in seconds. Available in a variety of attractive colours, you can now customize your stands with additional ring packs and match them to your show's visuals, music genre or personal preference.

What's more, the smart „G” ring concept provides convenient colour coding to indicate a stand's intended purpose, placement on stage or the performer to use it. Just pick your colours to add style and distinction to your stands, or choose vanta black „G” rings for a classic, discreet look. These are included with most Gravity products.
