VS-PTC-IP
IP PTZ Camera Controller

The Marshall VS-PTC-IP PTZ Camera Controller is designed to operate seamlessly across multiple camera protocols on a single network.

The VS-PTC-IP can setup 7 cameras via RS232, 14 cameras via RS422, and 255 cameras via IP; all selectable through a single controller.

The Marshall VS-PTC-IP is fully compatible with most PTZ cameras on the market, including all Marshall PTZ Cameras and Sony BRC/SRG series cameras.
