

LED LENSER®

The Reflector-Lens

We combined our reflector with a lens and made it focusable.

Reflector-Lens

For stageless transition from low beam to long-distance light (part of the Advanced Focus System)

EP Patent 1880139; US Patent 11/662.309

Focus Lock

To fix the focus position

High-End Heat Sink

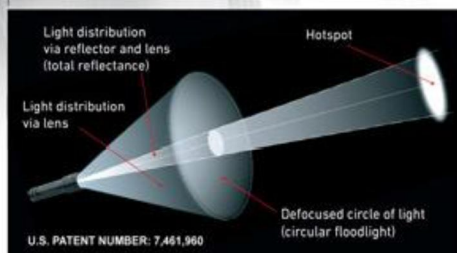

Cooling element with LED chip and board

Lamp Head

Water-resistant housing made from high-grade aluminum

Main Tube

Water-resistant housing made from high-grade aluminum

Advanced Focus System
Rapid Focus System
