- All, Single, Repeat and Random Play

Specifications:

Inputs:

Line/Aux: 10Kohm input impedance
77mV rms sensitivity for 1.22V output
Mic: 600 ohm input impedance unbalanced
1mv rms sensitivity for 1.22V output

Outputs:

Line: 9V rms max
Headphone 0.5W into 47 ohm

Installation:

Place on flat surface or mount in 19" rack.
Power supply: Integrated transformer AC 230V-50Hz.
Power consumption: 12W typical, 21W w/ full headphone output.
Operating Temperature: 5 to 35 deg. CC; Humidity: 25 to 85%.
(Non-condensing); Storage Temperature: -20 to 60 deg. C

Dimensions:

19" 2he Rack mount
Front: 483x88mm
Rear: 438x85mm
